Education

TEXAS TECH UNIVERSITY, LUBBOCK
Mathematics

09/13-05/2019

THE CODING BOOTCAMP AT UT AUSTIN
Full Stack Development

12/2020-

Technical Knowledge

Operating Systems: Windows, Linux

Languages: C++, Python 3, MATLAB, JAVA, PHP, HTML, JavaScript, CSS

Libraries: JQuery

Programs: Excel, AutoCAD, QuickBooks, Google Analytics, Visual Studio Code, Spyder, Salesforce, GitHub, Git

Though I may not be well versed in my technical knowledge, I am tech savvy and am able to learn languages and software fairly quickly, as I have been interested in the field since I was young.

Experience

Marketing and Sales Manager, BTG Textiles, Los Angeles California 09/19-10/20

Met with current and prospective clients to secure future current and future business dealings. Coordinated with local and overseas suppliers for production, as well as working with internal supply chain team on supply needs. Separated retail sales to its own new division and implemented new practices for their success. Managed three outside sales representatives as well as two inside sales representatives. Updated retail website to fit our needs.

Intern, BTG Textiles, Los Angeles California

05/18-08/18

Dealt with website building using WordPress and php. Market research for website and Amazon sales. Bookkeeping of sales and expenses through QuickBooks and Excel. Worked closely with upper management and observed sales meetings.

Intern, Austin Weight Loss and Wellness Clinic, Austin Texas

05/11- 05/119

Created bookkeeping tools through excel. Market research through patients info.
